

Business & Technical Training College

“Put your FUTURE in GOOD Hands”

BTT will work with every student to develop their skills, to make them job ready. BTT classes are small therefore you will receive more personalized attention from the instructor.

Windows Server 2008 Administration Training

Students will gain hands-on experience in Server Administration for Windows Server 2008 and prepare for the 70-646 MCITP exams. Students will be installing, deploying, delegating, updating, and securing a Windows Server 2008 environment. At the completion of this course you will become a highly qualified server administrator.
